Berlin  $\approx$  Cuba  
can be defended  
only by threat of  
nuc war: FU

SU - Cuba wants  
planning to protect  
Cuba by FU - FROGS,  
esp., with IRBMs/MRBMs  
deterring US nuc. to FS  
if FROGS hit US divisions

Hypo: K delayed  
before crisis  
broke —

planned to tell  
us was minutes

(Hoped to delay  
VFR response until then,  
if possible of

Also? "if you attack

For Today:

The costs and  
layers, the effects of

FO threats: our  
use of rules -

Wf they should be  
taken off the table

(Obama) (vs. Quayle)  
NRC...

Implicit / potential  
threat to others: legit.  
(me vs. NRC)

Wf I don't see y  
that's what it is as a  
FO threat - enough  
(~~that~~ it was like  
SU were into Cuba,  
on sphere, continuing  
expanding.)

Note: those of us who  
wanted a non-nuc  
or NRU NATO - didn't  
for question, What of  
Rebels? (We didn't  
usually separate them;  
NATO covered both the same  
way (FU))
